Each show is designed to train the members in guard work AND in being highly creative as well.

We train hard **and no, it's not easy**. But nothing worth it ever is! We usually rehearse one day per weekend from November thru April. Once shows start in January, the group will also be on the road performing at about 6-7 competitive events.

This year, we are proud to announce we intend to return to the WGI Championships in Dayton in April as our season finale!

Nothing can replace the thrill of performing in front of a live audience and if you are seeking that opportunity, then look no further than the Lake Erie Regiment Winter Guard.
